Re: Wi-Fi Connected School Buses & Grab-n-Go Lunch Distribution Changes

Due to the most recent tornado that devastated several of our communities as well as the loss of cell phone towers, Wi-Fi activated buses will not be placed in our communities this week.

Our Grab-n-Go lunch distribution has changed as well; lunch distribution will take place on Tuesday and Thursday from 11:30 am – 12:30 pm. Students will receive 5 meals for the week. The lunch distribution cycle will be as follows:

- Tuesday – students will receive two meals, one for Tuesday and an additional lunch for Wednesday;
- Thursday – students will receive three meals, one for Thursday, one for Friday and a lunch for Monday.

School bus meal delivery will be made available only for those areas that were affected by the tornado.

These changes will take effect beginning Tuesday, April 21, 2020.
